2. Basis of preparation

The consolidated financial statements for the year ended 31 March 2026 have been prepared in accordance with, and containing the information required by International Financial Reporting Standards (IFRS) Accounting Standards as issued by the International Accounting Standards Board (IASB) as adopted by the European Union (IFRS-EU), as well as the Interpretations (IFRICs) of the IFRS Interpretations Committee (IFRS IC) and the interpretations published by the Standing Interpretations Committee (SIC) as well as the requirements under Dutch law, including Title 9 of Book 2 of the Dutch Civil Code.

The material accounting policies applied in the preparation of these consolidated and company financial statements have been consistently applied to all years presented, unless otherwise stated.

Operating segments

The group's operating segments reflect the components of the group that are regularly reviewed by the chief operating decision-maker (CODM) as defined in note 21 Segment information. From 1 April 2025, the following changes were implemented which impacted the operating segment information.

Change in reportable segments

The group has revised its segment reporting structure to align with changes in how management monitors business performance. Under the new approach, the group monitors performance using a regional ecosystem model. Under the old approach, the performance of the group was evaluated by grouping businesses based on similar products or services. To ensure comparability, the current and prior reporting periods have been updated for the revised segment reporting structure, and there was no impact on the consolidated group total revenue, adjusted EBITDA (aEBITDA), or adjusted EBIT (aEBIT) published in the prior year relating to this change. For further details, refer to note 21.

Additionally, corporate costs, which were previously included in the reportable segments (eg, Food Delivery, Etail, Edtech, and Prosus Ventures within Other Ecommerce) as part of total Ecommerce (now renamed to total Ecosystem), have now been moved to the corporate costs line under the Corporate segment. This reclassification reflects the group's ongoing efforts to further centralise the corporate function. The prior year's figures have been restated to ensure comparability. Refer to note 21.
